

Kelio Report

Your company management tool

Kelio Report gives your HR department the vital information it needs to manage your company and prepare your company accounts.

This enables you to manage your human resources on a daily basis and provides the information so you can make informed decisions on recruitment, safety and career development.

Reports that can be customised for multi-media distribution

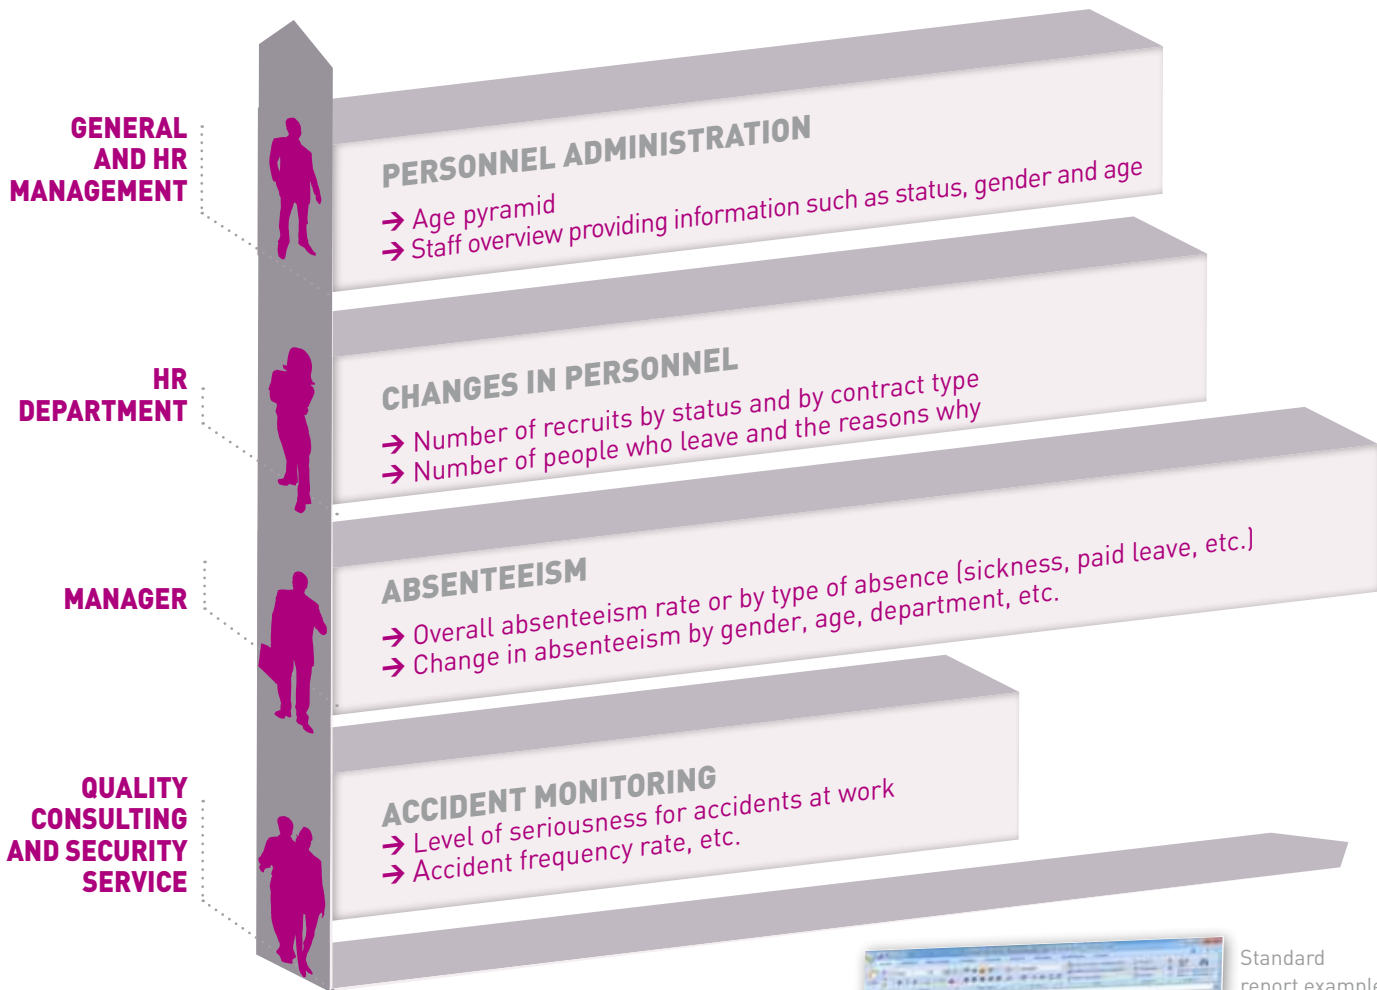

BODET Software  points:

- ⊕ **INTEGRATION** into Excel®
- ⊕ **ENHANCED CUSTOMISATION**
- ⊕ **MULTIPLE DISTRIBUTION**

Bodet
Software

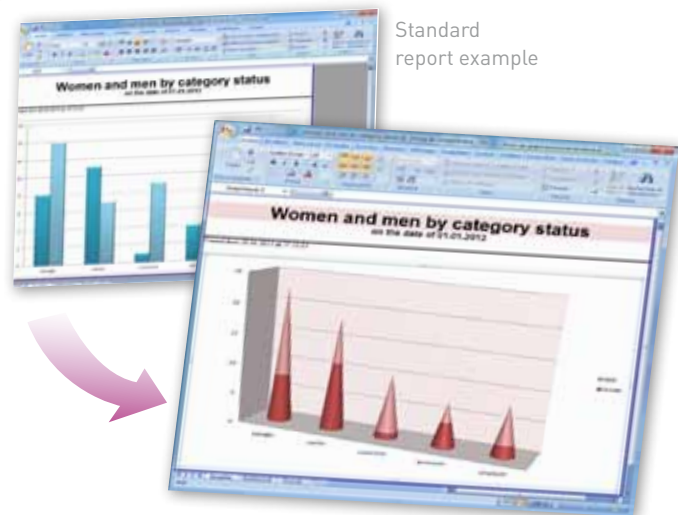

Vital reporting for everyone involved in your organisation

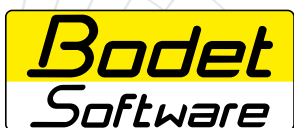

Kelio Report offers you

- Integration into Excel®* for additional results reprocessing
- Enhanced customisation thanks to the graphical tools in Excel®* to complete your decision-making media
- Advanced user rights to control and adapt the distribution of these rights to each actor in your organisation
- Flexible configuration of the reporting you request (absenteeism rate for a particular absence and a particular population)
- The ability to automatically send reports to an email address or a ftp server

Example of a customised report in Excel®*. (Photo not contractual)

* Compatible with versions: Microsoft Office® 2000, 2002/XP, 2003, 2007 and 2010
